LAME COLLECTION

Lame S2

Light held in balance.

A suspension in solid brass and opal glass. Thin interlocking blades support the glass spheres, bringing together mechanical precision and a sculptural silhouette.

STANDARD COMPOSITION

3 tiers / 18 spheres

Body: diameter 78 cm / height 70 cm

Glass spheres: diameter 20 cm

The number of tiers can be adapted to the proportions and height of your space.

Lame P1

A rhythm for the wall.

A wall composition in solid brass and opal glass. Seven spheres follow a 2-3-2 rhythm, held by intersecting brass blades.

STANDARD COMPOSITION

3 tiers / 7 spheres / 2-3-2

Overall dimensions: 65 x 75 x 39 cm

Glass spheres: diameter 20 cm

Explore a different number of tiers and arrangements of two or three spheres per tier.

Your space. Your Lame.

A composition, considered.

Change the rhythm, preserve the identity. Lame S2 can be explored in three, four, five or six tiers. Lame P1 offers different tier counts and sphere arrangements.
